Best institute in CG

All facility are fair of college.

None

Try to deliver questions in different language if it's for parents

Lack of space in canteen ,lack of sports equipments and lack of space in canteen ,Also there should be some advantage to those people who submit there work before time,they should get rewarded or something like that.

Transportation facility should be improved

Reply what to do if student not able to pass any of 3rd or 4th semester how can we manage.

Campus should provide sports facility, it need to develop in sport's field as well as infrastructure can be improved

Please provide sports facility and conduct a coding program to encourage the students

1. There are no handwash in the washrooms.
2. Decent uniform should be encouraged their should be no pressure of only formals

East or west ssipmt is the best

Overall it's good but assignments pressure is more

Gooooood

Faculty should take care of the students that each and everyone must taking part in technical, cultural and other programs in the premises. As to enhance their confidence and stage/public fear. Each and every student should be treated equally, communication skills must be focused.

Thanku.

Not needed

Teach with projector

Medical facilities is not available

Transport facility should be made available for the hostel students on sundays(outing day)

Bus management needs to be improved, proper timings should be taken care.

One of the best institute in Raipur

Improve your canteen food quality and your study material too and rest all every thing is fine

The quality of mess food should be increased and ac should be provided at each classroom

More attention should be given

--

Please keep monitoring on physical activities

Management in sports

Canteen ka khana sasta Karo.
Hostel ka khane me less oil karo

Cinema Hall is needed all other things are good.

Please Propar communication college activities in parents

Excellent institute

Discipline and respectful institute as much as other colleges ! Thanks for giving a big education and great opportunity to interact respected sir/mam (No suggestions)

Institute must focus more on job related teaching and improving skills rather than just completing the syllabus to pass exams (that is also rare).

Also develop scientific temper

All is well

Please coparate with student,please understand children's problems

Nothing

Management should not force anyone(students) to take part in any thing without their interest ,its students choice if they are interested or not. Do not take unnecessary fee on what they(college) provide .

Highlight the point that in ssipmt there is no proper sports facility, no proper faculty is allotted to see what's going on they just have one faculty who is just thinking about cricket forgetting the others fields.

Keep it up

Pls do the needful to give good quality of food as growing children want good food rest is OK.

Vigorous teaching declines as the students go up from 1st year to higher classes. Syllabus is not completed in higher classes and students are asked to learn themselves.

Faculty of department ka not supportive at all...
